# Chairman's Message

It's said that the captain, of the ship decides the fate of the ship, if you have a cool and composed captain. then you'll thrive in the sea. But what if you don't have a knowledgeable crew? The ship will definitely sink!

The **Beacon**, this quarter, had a commanding team, with every member bringing a unique skillset to the team and compete amongst themselves to improve the quality of work. They have truly reformed themselves to achieve a new height of success that just went beyond the level attained by the previous editions. And have done remarkably good work.

The R1 educational campus has become the premier educational frontier for central India because of the efforts shown by its students. I appreciate the work done by the team for the **eighteenth edition** of the Beacon.

# Mentors Message

**W**elcome to the 18th edition of Quarterly Magazine "Beacon" of **Rungta Educational Foundation**. We are really proud and exuberant to acclaim that we are ready with all new hopes and hues to bring out the 18th issue which is going to surely untold the unravelled world of most unforgettable precious moments of our College.

The purpose of bringing "**The Beacon**" to life is to provide a platform for talented and creative students to showcase their skills. It is said that college is the place to explore, expand and strengthen your skills and interests. Beacon helps students to highlight their artistic skills.

In response, students have submitted a high number of entries in an attempt to become face of the college magazine. We have selected the best entries amongst them to make the eighteenth edition truly different from the past editions.

Thanks to all the students and faculties who have contributed to the magazine be it in the form of articles, poems, nano-tales, photographs, designs, sketches.

Sustained efforts and innovative ideas exhibited by our students will surely stir the minds of readers and take them to the surreal world of unalloyed joy and pleasure. Also art forms that brings joy thrill, amusement and enthusiasm to the mind of readers. We have put in relentless efforts to bring excellence to this treasure trove.

We are grateful and thankful to our editorial team which comprised of our students for their continuous and dedicated endeavors in making of the magazine.

With warm regards and best wishes!

YEAR  
ANNIVERSARY

25th  
Anniversary

## Safarnaama :

A Historic Adventure Begins As Rungta College Of Engineering And Technology (RCET), Bilai, Celebrates Its 25th Silver Jubilee Year!

The Theme Of This Historic Year Is "Safarnaama," A Beacon Illuminating The Path Forward. Fittingly, The Theme "Safarnaama" Means "The Chronicle Of A Voyage." Documenting RCET's Incredible 25-Year Journey, It Promises To Be An Engrossing Story. We Shall Relive The College's Remarkable Beginnings, Unwavering Dedication To Academic Achievement, And The Innumerable Successes Of Its Staff And Students Through Its Pages. Stories Of Tenacity, Inventiveness, And The Steadfast Spirit That Have Elevated RCET To The Forefront Of Technical Education Can Be Found In Plenty Within Safarnaama. In Addition To Serving As A Memorial, It Will Honor The Contributions Of Those Who Have Influenced The College.

It's A Moment For Reflection And Celebration At RCET. From Connecting With Former Students, Principals, And Directors To Commemorate Their Accomplishments And Share Memories Of Their Time At RCET, To Rich Events And Festivals Highlighting The "Bhoomi Pujan" And Other Historical Diversity, The Celebrations Will Be Extensive And Meaningful.

Prepare Yourself For This Fascinating Journey Through 25 Years Of Brilliance. Safarnaama Is Both A Guarantee Of A Bright Future And A Monument To RCET's Lasting Legacy.

# Rungta College of Engineering and Technology (RCET)

Since its founding in 1999, Bhilai, Chhattisgarh's Rungta College of Engineering and Technology (RCET) has established itself as one of the area's preeminent technical universities. Acknowledged for providing high-quality education, RCET is happy to have received an A grade from the National Assessment and Accreditation Council (NAAC) and accreditation from the National Board of Accreditation (NBA). A vast array of undergraduate and graduate programs in computer applications, management, and engineering are available at this esteemed college. The idea of RCET was to offer top-notch technical education right in the center of Chhattisgarh. The seeds of engineering genius were planted by RCET with a young group of students and steadfast dedication.

RCET goes beyond academics and promotes multifaceted learning. With a large campus and more than 100 high-tech laboratories, students gain practical skills through hands-on learning. A dedicated placement team works tirelessly to connect graduates with top companies, and alumni success stories attest to the college's effectiveness, and it also prioritizes research, with faculty actively publishing in leading journals and collaborating on projects.

RCET possesses a strong recruitment cell that bridges the gap between academia and industry. Reputable companies recognize the potential of RCET graduates and actively hire them. RCET fosters a campus life that encourages students to explore their talents beyond academics. Skill fairs, cultural events and sporting activities provide a platform for everyone's development and an opportunity to build lifelong friendships..

RUNGTA Group Of Institutions

# Building A Legacy In Pharmaceutical Education And Research

The Department Of Pharmaceutical Sciences At Rungta College Of Pharmaceutical Sciences And Research (RCPSR), Bhilai, Has Been A Leading Force In Pharmaceutical Education For Over 18 Years. Established In 2006, The Department Offers A Comprehensive Range Of Programs, Including Diploma, Graduation, Post-Graduation, And Ph.D. In Pharmacy.

# A Culture Of Excellence

RCPSR Is Renowned For Its Exceptional Faculty And Their Commitment To Student Success. The Department Consistently Produces GPAT-Qualified Students, A Testament To The High Standards Of Education Provided.

## Fueling Innovation: The Rungta Research And Development Foundation (RRDF)

To Foster A Dynamic Research Environment, RCPSR Established The RRDF. This Initiative Provides Aspiring Researchers With Cutting-Edge Facilities Equipped With The Latest Instruments Like High-Speed Centrifuges, Rotary Tablet Presses, HPLC (High-Performance Liquid Chromatography) Systems, UV-Spectrophotometers, And More. The Department Is Continuously Upgrading Its Labs To Ensure Students Have Access To The Most Advanced Technology For Their Research Endeavors. Funding For This Ongoing Development Comes From Institutional Grants As Well As Prestigious Bodies Like SERB (Science & Engineering Research Board), DST (Department Of Science And Technology), And CGCOST (Chhattisgarh Council Of Science & Technology).

## Mentorship And Cutting-Edge Research

A Dedicated Team Of Senior Academicians, Professors, And Industry Professionals Guide Students Through Their Research Projects. The Department Focuses On Key Areas Such As Nanotechnology, In-Situ Gelation, Solubility Enhancement, And Tablet Processing. Faculty Members Are Actively Engaged In Research, Publishing Their Work In Renowned National And International Journals. Their Dedication Extends Beyond The Classroom, As Evidenced By Their Participation In International Conferences Held In Dubai, Singapore, And The USA.

# A LEGACY OF ACHIEVEMENT

The Department's Impact Extends Far Beyond Its Classrooms. Over The Past Ten Years, It Has Published Over 200 Research Papers In Esteemed Journals And Filed 11 Patents. Additionally, RCPSR Has Successfully Graduated Four Ph.D. Scholars And Is Currently Running Several Major Research Projects Funded By Prestigious Agencies Like AICTE, DST, UGC, And CGCOST. The Department's Faculty Members Are Highly Regarded Within The Pharmaceutical Profession, Making Significant Contributions To The Field.

## Empowering Alumni For Success

RCPSR Alumni Are Well-Positioned For Rewarding Careers In Diverse Healthcare Settings. They Can Be Found Working In The Pharmaceutical Industry (R&D, Manufacturing, Quality Control, Packaging, Etc.), Hospital And Community Pharmacies, Academia, Regulatory Affairs, Clinical Research Organizations (CROs), And Even As Drug Inspectors With The Chhattisgarh Food And Drug Administration (FDA).

# RIPER: A NEW ERA IN QUALITY PHARMACY EDUCATION

Established In 2017-2018 By Janta Sikshan Santhan (JSS), RIPER Fills A Vital Need For A Quality Technical Institute In Chhattisgarh. Focused On Diploma In Pharmacy Programs, RIPER Aims To Equip Students With The Skills And Knowledge To Become Dedicated Healthcare Professionals.

## What Sets RIPER Apart?

**Unique Practical Training:** Unlike Other Institutions, RIPER Boasts A Partnership With A 200-Bed Hospital, Providing Invaluable Hands-On Experience For Students.

**Affordable Excellence:** RIPER Prioritizes Providing High-Quality Education At Accessible Costs, Ensuring Opportunities For Students From Diverse Backgrounds.

**Holistic Development:** RIPER Goes Beyond Academics, Fostering Lifelong Learning And Essential Skills Like Leadership, Communication, And Problem-Solving.

**Ideal Learning Environment**

## Credibility And Recognition

RIPER Holds Pre-Approval From The Pharmacy Council Of India (PCI) And Is Affiliated With The Directorate Of Technical Education (DTE), Raipur, And The Chhattisgarh Swami Vivekanand Technical University (CSVTU), Bilai.

# GD RUNGTA COLLEGE: WHERE EDUCATION IGNITES EXCELLENCE

Established In 2007, GD Rungta College Of Science & Technology (GDRCSST) Has Become A Leading Center Of Academic Excellence In Central India. Part Of The Prestigious Rungta Educational Foundation, GDRCSST Boasts A Rich Heritage Dating Back To 1999.

## A Diverse Spectrum Of Programs

GDRCSST Offers A Wide Range Of Undergraduate And Postgraduate Programs Catering To Diverse Interests. Students Can Pursue Degrees In Business Administration (BBA), Commerce (B.Com With CA Specialization), Computer Applications (BCA), Sciences (Biotechnology, Computer Science, Mathematics), And Arts (Sociology, Political Science, English Literature, Hindi Literature). Additionally, The College Provides Professional Programs In Education (B.Ed., D.Ed., M.Ed.), Social Work (MSW), And A Post Graduate Diploma In Computer Applications (PGDCA).

## Beyond Academics: Fostering Well- Rounded Individuals

GDRCSST Goes Beyond Academics, Fostering A Culture Of Innovation And Critical Thinking. The College Encourages Students To Challenge The Status Quo And Make A Positive Impact On The World. This Philosophy Is Reflected In Its Consistently High National Rankings And Its Unwavering Commitment To Student Success.

## Investing In Your Future

GDRCSST Provides Dedicated Placement Support To Ensure Students Are Well-Positioned For Fulfilling Careers. They Further Enrich The Educational Experience Through Guest Lectures, Industry Visits, Skill-Building Workshops, And A Vibrant Calendar Of Events, Extracurricular Activities, And Co-Curricular Initiatives.

# Infrastructure Of Rungta College

## 150 Acers Of Campus

A Palace Can't Be Built Over A Night. And This Holds True For What Is Called Rungta Educational Foundation Today. 25 Years Back, When The First Brick Was Laid, No One Would Have Imagined That It Will Sprawl Into Such A Huge Centre Of Education And Excellence. What We Call As 'A' & 'B' (RCET), 'C' (GDRCSST), 'D' & 'E' (RCPSR) Blocks Today, Were Sometimes Ago Just A Piece Of Land. The Canteen, The Maggie Point, The Students' Shoppe Area, The Girls' And The Boys' Hostels, The Mess, The Football And Basketball Grounds Are All What Makes REF A Complete Institution.

## Old Infrastructure

The Different Student Blocks Are Not Mere Combination Of Beams And Columns. Inside Them Lies The Real Treasure Of Knowledge. Various Computer Labs Facilitate Students Have Digital Education, Different Science Labs Let Students Enhance Their Practical Knowledge, Well-Ventilated Classrooms Spread Across All The Blocks And Floors Ensure That Students And Teachers Do Not Face Any Difficulty During The Exchange Of Knowledge.

**Infrastructure Is The Backbone Of Economic Growth.**

## **Morden Day Infrastructure**

The A And B Block Are The Blocks For Rungta College Of Engineering And Technology, GD Rungta College Of Science And Technology Has C Block And The D And E Blocks Are Dedicated To RCPSR.

For The Students Coming From Overseas And Those Having Homes At Great Distances, Hostels Have Been Provided That Feel Like Home Away From Home. Equipped With Gymnasiums, Separate For Boys And Girls, Study Rooms, Common Badminton Court, Gardens In And Around The Campus, The Sports Ground; All These To Ensure The Recreational Facilities To Those Residing In Hostels.

Once You Step Into The Campus Of Rungta R1, You Can Know And Feel What Hard Work Of 25 Years Looks Likes. It's Not Like It Can't Be Done By Anyone, It's Just That Very Few Take The Initiative And Even Fewer Have The Courage To Keep It Growing Forever.

# From Job Fair To Placementnama

On The Way To Professional Success In A Student's Life, One Critical Point Is Getting Into Your Dream Job. And, It Is Not As Easy As It Sounds. To Ease The Aspirants' Difficulties, Rungta Educational Foundation Has Been Providing A Marketplace Where Aspirations Are Met With Opportunities And Seeds Of Professional Life Are Planted. This Marketplace Is Called Job Fair. At Rungta Educational Foundation, A Job Fair Is A Dynamic Event In Which Students Are Provided With Networking Opportunities, On-The-Spot Interviews And An Understanding Of The Multifaceted Nature Of Jobs.

Several Students Are Placed Through This Single Event From The Campus Itself Every Year. Proud Parents Are Invited To Celebrate "SAPNE HUE SACH" Over Offer Letters To The Brilliant Students Of Rungta By The Chief Guests. Students Prepare Year-Round For This Event And Showcase Their Skills, Experiences And Aspirations To The Recruiter. On Journey Of Job Fairs, 2000 Was An Epic Evolution To Placementnama'24 It Is More Than Just A Recruitment Event, It Is A Transformative Experience That Bridges The Gap Between Academia And The Professional World. College Students Can Navigate The Job Fair Maze With Purpose, Setting The Stage For A Successful Career Journey Ahead.

# बॉलीवुड सिंगर, बिग बॉस-15 फेम अकासा के गीतों पर थिरके युवा

भिलाईनगर। बॉलीवुड सिंगर और बिग बॉस फेम अकासा सिंह ने मंगलवार को भिलाईनगर युवा कौशल को यादगार बना दिया। वे संतोष रूंगटा इंजीनियरिंग कॉलेज (रूंगटा आर-1) में हुए 3 दिवसीय एग्रेसिव इवेंट 'व्योम' में शामिल होने भिलाई पहुंची थीं। शानदार स्टेज और लेजर लाइटों की चकाचौंध रीथीनी के बीच जैसे ही सिंगर ने अपना गीत, तो खींच मेरी फोटो... सुनाया हर जवां दिल के पैर धिरकने लगे। इस सीन पर रूंगटा युवा ने भी जमकर धमाल मचाया। गाने के हर बोल को दोहराया। इसके बाद सैकड़ों की भीड़ के बीच अकासा का सबसे पसंदीदा गान, नागिन गिन, गिन गिन... गुंजा। हर बोल पर जोरदार आवाज में स्टूडेंट्स उनका साथ दे रहे थे। इसके बाद गीत पिया मोरा दूर मुझसे श्रृंगार कैसे हो, जैसे दर्जनों हिट्स पर स्टूडेंट्स को एनर्जी देखने लायक थी। इस शाम को रोमांचक बनाने से पहले अकासा ने स्टूडेंट्स को अच्छे कॅरियर और भविष्य की शुभकामनाएं दीं।

## स्टूडेंट्स को मिले प्राइज

व्योम के दूसरे दिन रूंगटा कैंपस में दिनभर फन एक्टिविटी हुई। इंजीनियरिंग, फार्मेसी और साइंस स्टूडेंट्स ने रमसाकरी में हाथ आउटमार। चैस और कैरम में दिमाग दौड़ाया। खाने के शौकीन युवा ने मास्टर शेफ स्पर्धा में भी हिस्सा लिया। वही क्रिकेट, कबड्डी, बास्केटबॉल जैसे खेलों में भी हिस्सा लिया। इस कार्यक्रम में रूंगटा आर-1 ग्रुप के चेयरमैन संतोष रूंगटा, डायरेक्टर डॉ मीरथ रूंगटा, मोनल रूंगटा, डॉ. मनोज वर्गीस, डॉ. एजाबुददीन, प्राचार्य डॉ. राकेश हिमते, डॉ. नीमा एस बालन, डॉ. सत्यधर्म जॉन, लखविंदर कौर और नयरा वर्मा ने स्टूडेंट्स को मोटिवेट किया।

## अकासा ने कहा, किसी गीत जैसी है जिंदगी

कॉन्सर्ट के बाद सिंगर अकासा ने प्लि की बात जुबान पर लार्ई। एक से बहुरकार एक नए-पुराने गीतों की झड़ी लगाने के बाद उन्होंने कहा कि छात्रोमयुद्ध के युवा बेहद टैलेंटेड हैं। एजुकेशन फिल्टर से लेकर फिल्मों और सिद्धिधर गहर जगह छत्र छोड़ रहे हैं। भिलाई आकर बेहद खुशी हुई। युवा का जबरदस्त प्यार मिला। उन्होंने कहा किंदगी एक गीत है हर एक को इसे हंसते हुए गुनगुना चर्हिए।

युवाओं को मोटिवेट करने रूंगटा आर-1 कैंपस पहुंचे दुर्गा एसपी डॉ. अभिषेक पल्लव ने कहा...

# काम नहीं आएंगे लाखों फॉलोअर्स, कॉलेज में दो अच्छे दोस्त जरूर बना

पत्रिका न्यूज नेटवर्क patrika.com

भिलाई। स्कूल की कॉलेज पर कर कॉलेज का सफर तय कर रहे युवाओं को दुर्गा पुलिस अधीक्षक डॉ. अभिषेक पल्लव ने बड़ी सीखा दी। रूंगटा इंजीनियरिंग कॉलेज आर-1 में चल रहे सालाना इवेंट व्योम में उन्होंने युवाओं से कहा कि कॉलेज में आपके दो ऐसे दोस्त जरूर होने चाहिए जो आपके सही और गलत के बीच बड़ा फर्क समझ सकें। जब आप गलत रास्ते पर निकलते तो वहीं दोस्त आपको सही रास्ता दिखाएंगे। कॉलेज के पहले दिन से ही आपके दिमाग में जो पहली बात आती है उसे ही प्रोइडम। इस प्रोइडम के चक्कर में यदि आप गलत लोग या गलत सीनियर्स के साथ हो जाएंगे तो बड़ी परेशानी हो जाएगी।

## मैराथन की तरह है जिंदगी

एसपी ने युवाओं को मोटिवेट करते हुए कहा कि लाइफ एक मैराथन है। रात को आठ आगे तो कोई कल पीछे रहेगा। इन्स्टाग्राम, फेसबुक और ट्विटर पर हजारों-लाखों फॉलोअर रहना अच्छी बात है। मगर क्या जरूरत पड़ने पर वे लाखों फॉलोअर आपके किसी काम आएंगे।

## बनाएं ऑब्जेशन रिक्त

एसपी डॉ. पल्लव ने कहा कि किसी भी विधा में पकड़ खोलने के लिए आपको ऑब्जेशन रिक्त रहने जरूरी है। आज की जनरेसन की प्रॉब्लम यह है कि हम सिर्फ सुनना चाहते हैं, सुनना नहीं चाहते। स्कूल से जब कॉलेज में ट्रांसफर होखे है। यह लाइफ में एक बहुत बड़ा माइल स्टोन है। स्कूल में सारे ही बच्चे आपके होते हैं, लेकिन जब हम कॉलेज में होते हैं तब कुछ स्पेशलीसिटी खोजते हैं तो कुछ डिग्रेशन का शिकार हो जाते हैं।

## दुनिया को चाहिए सॉफ्ट स्किल

एसपी ने कहा कि कॉलेज को आप चार-पांच साल दे रहे हों, उस समय को आप जवां मत करो। आज की जल्दत सॉफ्ट स्किल है। दुनिया में आपकी 'सुविध' को देख जाएगा। तब डिग्री बहुत अधिक मानने नहीं रखेंगे, मानने रखेंगे कि आपने खुद को कैसे तैयार किया है।

## इनको मिला पुरस्कार

व्योम के समापन के मौके पर के.चेरमैन संतोष रूंगटा ने 1 को हमेशा जीवन में अनु बनकर रहने की सीखा दी। इस व्योम की प्रतियोगिताओं में लेने वाले विजेताओं को पुरस् किया गया। मोहम्मद पूरा कं इंटरनेशनल स्टूडेंट का खिला गय। अलनजान, आशीष 1 मोहम्मद एहलेसाम अयारक दिव्या भारती को चेरमैन ट नवाजा गया।

क्या आप कोई स्नैक कर पढ़ें विद्यार्थी कब...

## डॉ. कृष्णकुटी छात्रों के बताए वाक्य को कथकली नृत्य कर समझाया

भिलाई। अंतरराष्ट्रीय कथकली गुरु डॉ. सदान कृष्णकुटी रूंगटा आर-1 कॉलेज पहुंचे। सिक्क में की बुंखला विरासत के अंतर्गत उन्होंने कथकली की विधाओं को बारीकियों से समझाया। कथकली का प्रदर्शन भी किया। कथकली नृत्य के जरिए होठों का हर कंपन, आंखों की भंगिमाएं या उंगलियों की मदद से बनाई गईं मुद्राएं दिखाईं। हर एक मुद्रा पर दर्शकों की जमकर तालियां बरसीं। इस कार्यक्रम में कॉलेज की फैकल्टी भी केरल के परिधान मुंड, सेटमारी में दिखाईं दिए। गुरु सदान भव्य रंगीन और विविधतापूर्ण वेशभूषा में पहुंचे। उन्होंने कथकली के नौ रस और मुद्रा का प्रदर्शन किया। व्याख्यान के दौरान उन्होंने बताया कि दुनिया भर में मासूर कथकली को भयंता ने केरल को खासी प्रसिद्धि दिलाई है। हमें गर्व है कि यह महान नृत्य कला शैली 300 साल से भी अधिक पहले केरल के तटी पर उद्भूत हुई। इसमें भक्ति, नाटकीयता, नृत्य, संगीत, वेशभूषा और श्रृंगार के साथ दर्शक के लिए दैवी अनुभव का सृजन होता है। कार्यक्रम का सम्पन्नन डीन ईश्रीए डॉ. सत्यधर्म भारती ने किया। संचालन डॉ. रेजो रॉय ने किया। डायरेक्टर डॉ. एडुविन एंथोनी, डॉ. मनोज वर्गीस, डॉ. एजाबुददीन, डॉ. राकेश हिमते, डॉ. नीमा एस बालन, डॉ. अलबर्ट जॉन वर्गीस, प्रो. केजे सातव का योगदान रहा। कथकली दल के प्रबंधक अणुकुटन स्वरोल्लयम मौजूद रहे।

## Rungta R-1 to host intl conference on June 23

■ Scientists from America and Singapore are coming to the College

■ Business Reporter  
BHILAI, June 16

IN THIS era of computer revolution, artificial intelligence and machine learning are the most modern tools. Similarly, the importance of data science has also been exposed all over the world. Scientists from America and Singapore are coming to Rungta R-1 Engineering College on June 23 and 24 to explain how AI technology will change the coming times.

These scientists will participate in the 8th International Conference 'Shastrarth' being held in the college and tell researchers about new age computing and its impact in the world. More than 300 researchers from across the country will read research

papers for this conference being organised in collaboration with CG Cost. In addition, attendees will get a chance to present your paper in front of renowned scientists.

Principal of the institution, Dr Rakesh Himte told that in the conference Dr Somantra Dutta, Professor, IIT Delhi, Dr Brij Baweja, Advisor, Ministry of Information Technology, Government of India, Dr Sanjay S Gaur, Professor, Department of Marketing and Public Relations, New York University, Prof Dr Bimlesh Badhwa, National University Singapore and Prof Dr Amitabh Mishra, University of Florida USA will be attending as key-note speakers.

## RCET- R1 among top 150 institutes in NIRF ranking

■ Staff Reporter  
BHILAI, June 7

IT IS a matter of pride and joy that, Rungta College of Engineering and Technology: R-1 run by Santosh Rungta Group of Institutions have succeeded to get position in top 150 higher educational institutions of National Institute Ranking Framework (NIRF)-2023 declared by Union Ministry of Education recently. In the field of research, innovation and startups, R-1 has proved its potential and got this prestigious position amongst so many colleges and other higher educational institutes of the nation.

It may be mentioned here that, R-1 has filed over 50 patents, published 314 international research papers, 18 startups and succeeded to get 5 crore rupees from Department of Science and Technology (DST) to excel in different research works.

[Due to success in these parameters, the college has achieved this position and in innovation ranking, not a single institute of Durg division has managed to get place.

Out of all colleges in districts of Durg Division, RCET or popularly known as R-1 is the only institute who got place in top 150 institutes of NIRF-2023.

The main purpose of NIRF by union ministry of education to improve the quality of higher education across nation. By it, the ministry wants that a

### The college has proved its excellence: Sonal Rungta

DUE to efforts and success in the field of research and innovation by Rungta College of Engineering and Technology: R-1, NIRF-2023 by Union Ministry of Education has given such prestigious position to college. The college has proved its excellence in higher education sector: Sonal Rungta, Director of R-1 group.

Sonal Rungta

greater number of higher educational institutions in the nation should involve themselves in research and innovation sectors.

The institutes will also get a chance to improve its quality and clear its mistakes in different parameters. Students will also get a chance to select best colleges to pursue their higher education goals. Since 2018, the union ministry of education conducts NIRF every year in the field of higher education.

MDRA, a well-known survey agency has also conducted higher education survey on 1302 colleges which offer 14 particular subjects and here too, R-1 has showed its excellence and succeeded to get position in top 100 colleges of the nation. This survey was carried out on different parameters consist of qualities of college, fee structure, infrastructure, research, business innovation and placement. Last year too, Rungta College of Pharmaceutical Science got the position in top 100 pharmacy colleges of nation in NIRF

## एनआईआरएफ रैंकिंग • केंद्र ने गुणवत्ता और काम के आधार पर जारी की रैंकिंग 50 पेटेंट, 314 रिसर्च, 18 स्टार्टअप और 5 करोड़ की डीएसटी के कारण रूंगटा आर-1 को मिली 101वां रैंक

एक्रेमरिपोर्टर/भिलाई

केंद्रीय शिक्षा मंत्रालय की सोमवार को जारी रैंकिंग में छत्तीसगढ़ के रूंगटा कॉलेज ऑफ इंजीनियरिंग एंड टेक्नोलॉजी (आर-1) को 101वां स्थान मिला है। इस रैंकिंग में देशभर के 42 हजार से अधिक कॉलेज और विश्वविद्यालय शामिल थे।

यह रैंकिंग 50 से अधिक पेटेंट, 314 से ज्यादा इंटरनेशनल रिसर्च पेपर, 18 स्टार्टअप, विभिन्न शोध कार्य के लिए 5 करोड़ का डीएसटी अनुदान जैसे मापदंडों पर खरा उतरने के लिए मिला है। प्रदेश के अन्य सभी

रूंगटा इंजीनियरिंग को टॉप-101 से 150 कॉलेजों की बंड श्रेणी में रखा गया। अन्य सभी शिक्षण संस्थान क्वालिफाई नहीं कर पाए।

एनआईआरएफ रैंकिंग का मकसद उच्च शिक्षा की गुणवत्ता में सुधार करना है ताकि छात्रों को बेहतर संस्थान चुनने में मदद मिल सके। इस रैंकिंग के जरूर सर्वश्रेष्ठ कॉलेजों की पहचान होती है, यहाँ शिक्षण संस्थानों को खुद की कमियों को दूर करते हुए उसमें सुधार करने का मौका दिया जाता है। साल 2018 से देशभर के सभी तकनीकी, गैर तकनीकी व चिकित्सकीय शिक्षण संस्थानों को

### एनआईआरएफ में कॉलेज ने खुद को साबित किया

रूंगटा आर-1 के डायरेक्टर सोनल रूंगटा ने कहा कि शोध और नवाचार के क्षेत्र में लगातार प्रयास करने की वजह से केंद्रीय शिक्षा मंत्रालय से यह रैंकिंग मिली है। एनआईआरएफ में कॉलेज ने खुद को साबित किया। इसकी वजह से यह रैंकिंग मिली है। शिक्षा में गुणवत्ता लाने की दिशा में संस्थान लगातार प्रयास कर रहा है। इसी वजह से लगातार नए सोपान तय कर रहा है। आने वाले दिनों में संस्थान में और भी नए काम होने हैं।

### इससे पहले एमडीआरए में मिला था टॉप 100 में स्थान

सर्वे एजेंसी एमडीआरए ने 14 विश्वों के 1302 कॉलेजों का सर्वे कराया, जिसमें कॉलेजों की बुनियादी, फीस स्ट्रक्चर, इंफ्रास्ट्रक्चर, रिसर्च, जैसे पहलुओं को बारीकी से परखने के बाद सभी की रैंकिंग तय की गई। यहाँ भी रूंगटा इंजीनियरिंग कॉलेज ने अपनी कर्बिलिम्पट दिखाई और देश के टॉप-100 इंजीनियरिंग कॉलेजों में शामिल हुआ। वहीं पिछले साल हुई एनआईआरएफ रैंकिंग में रूंगटा आर-1 कॉलेज ऑफ फार्मास्यूटिकल्स

**Batch: 2014 - 2018**

Reflecting on my college journey from the 1st to the 8th semester fills me with a mix of emotions and memories. Rungta College has been transformative, shaping not only my academic pursuits but also molding me into the person I am today.

Late-night study sessions, group projects, and exams were crucibles where my skills were honed and knowledge deepened. Yet, amidst academic rigors, college life was a tapestry of unforgettable moments - from cultural festivals to impromptu hangouts, each adding color to my memories.

The bonds forged with classmates, wisdom gained from professors, and support of mentors became pillars of my journey. The faculty at Rungta College was not just educators but guides, always ready to offer support and encouragement.

To the upcoming students, may your journey be filled with discovery and joy. As Rungta College celebrates its 25th silver jubilee year, here's to its commitment to excellence and inspiration for generations to come.

Best wishes to all, armed with lessons learned and cherished memories, as we embrace the future's endless possibilities.

In my college memories, like a vast photo album, countless moments compete for attention, making it hard to choose just one. Yet, amid these memories, I wish to highlight a pivotal transformation: a student, initially scoring only 43% in 11th grade, soared to an impressive 86% in the final semester, becoming the class topper. Echoing the words of Lao Tzu, "The journey of a thousand miles begins with one step," this journey began during the first semester.

One of our faculties had a penchant for surprise tests, and at the end of test, he will be selecting random students' notebooks who have solved it correctly and then explain the solution from that notebook to the entire class. On one such occasion, my notebook was chosen due to my approach. Coming from a mediocre school history and having previously felt marginalized in a class (school days) of ambitious aspirants for years, a small act of picking my notebook ignited a newfound confidence in my abilities, immediately I felt included and I felt belonged and this helped me to reset my focus and start fresh on academic journey and finally land where I am today, proud and happy.

While it might appear as self-praise it's crucial to recognize the pivotal role of the college and its faculty in enabling this achievement. Throughout each semester, I've been fortunate to have mentors, some from the very first semester, including one who requested this memory which I am writing. The enduring depth of these associations, even after over 20 years, speaks volumes about the relationship we share.

For me, college is more than just bricks and walls, it's the crucible that shaped my identity, for which I'm forever grateful. Congratulations and best wishes for many more successful years to the college.

(CS) 2001-2005**

# Our Alumni's Message

**Name: Nithin Ponacchan**

**Branch: BCOM**

**Batch: 2019-22**

College life is a whirlwind of experiences, filled with laughter, challenges, and moments that shape who we are and what we aspire to become. From the hilarious mishaps to the inspiring breakthroughs, my journey through college has been nothing short of memorable.

And from my standpoint my experience in the college was just marvellous, I remember when I came to take admission with my father, we headed forward to the administrative block to complete the admission procedures where I met Priya Bhosle Ma'am who helped me with the admission, I find her so helpful and cooperative. On the first day of class, I found out Priya Bhosle was our Official class teacher, I was so happy to see her. She was my favourite faculty in the college.

I vividly recollect a moment from our first year when the college organized some activities where me and my classmates in fact our collegemates participated in a game of Tug of War, although we did not win the competition but made a bunch of memories and some good friends. In the college premises there was a cafeteria and Maggie Point where me and my friends used to spend some leisure time during class break and after class and made a lot of indelible memories (I really miss that gathering till the date).

College faculties play a crucial role in shaping students' academic journeys and preparing them for the future. With their vast knowledge and expertise, they structure undergrads' futures and show them the direction to succeed. Our faculties were very good at it and were very dedicated and they mentored us and helped with all of our doubts and rectified all of our mistakes and helped us to think critically to develop essential skills to succeed in both academic and professional life.

As I'm pursuing my MBA in the United Kingdom, I need to Admire and thank our Principal Dr. Neema Balan. I wanted LOR for university admission and as I applied to more than 6 universities, I met her at her office every time I did my applications, and every time I met her, she always welcomed me with her kind & heartiest smile and provided me with the LOR without any delay. Also, I felt special and happy when she kept an eye on me and asked whether I got my admission or not.

In a nutshell, my college life was no less than a transformative journey filled with laughter, challenges, and growth. It was a period of self-discovery, making friendships, learning skills, and dreaming to pursue future plans and ambitions. College life is not only about earning the degree but doing and winning what you fear. As we bid farewell to this chapter and step into the unknown of the future, we carry with us the memories, lessons, and friendships that will forever shape who we are.

# ALUMNI

"Rungta College of Engineering and Technology is a place for academic excellence and innovation in the realm of technical education. The college offers a conducive environment for holistic growth and learning. With state-of-the-art infrastructure, well-equipped laboratories, and experienced faculty. Rungta College ensures that students receive a comprehensive education that prepares them for the challenges of the modern world.

The college encourages students to explore their interests and push the boundaries of knowledge through research and innovation. Beyond academics, Rungta College emphasizes the importance of extracurricular activities and sports, nurturing well-rounded individuals who are ready to excel in every aspect of life.

With a strong alumni network spread across the globe, our graduates continue to uphold the legacy of our institution.

## Campus Captains

**Dr. Ajazuddin**

Group Director (R&D)

Principal ( RCPSR Bhilai )

Dear Beacon Readers, Hello! Thank you for allowing me to share a few thoughts in your magazine out of billions! It's a significant milestone as we celebrate the 25th foundation year of the R1 group. In my eighteenth year journey at Rungta College of Pharmaceutical Sciences and Research in Bhilai, I've experienced significant growth and mentorship since joining as an Assistant Professor in 2006. Advancing through various roles like Associate Professor, Vice Principal, Professor, and Principal within the same institute has shown the recognition and rewards for hard work and consistency by management.

Throughout my tenure, I've gained enriching experiences and developed both professionally and personally. Whether conducting innovative research or enhancing administrative skills, each moment has propelled me forward. I'm thankful for the mentorship of individuals like Sonal Rungta sir, whose guidance has been invaluable. Inspiration from Santosh Rungta sir and Dr. Sourabh Rungta sir has also been pivotal in my journey. The freedom to work here has expedited the process of becoming the top private pharmacy institute in central India, receiving NIRF ranking thrice. I appreciate the support of the entire Rungta Family, including students, teachers, and non-teaching staff, and eagerly anticipate sharing my experiences with Beacon magazine. Thank you for this opportunity to reflect and share. Best regards.

## Reflections of a College Educator: A Journey Through Teaching at Rungta Educational Foundation

As I reflect on my journey as a Professor, I am filled with a sense of gratitude and nostalgia. It has been a path laden with challenges, triumphs, and profound moments of learning – not just for my students but for me as well. In this article, I hope to encapsulate the essence of this journey, sharing insights gained, hurdles overcome, and the transformative power of education.

Embarking on this journey, I vividly recall the excitement and anxiety that accompanied my first steps into the classroom at a small campus at Durg. The responsibility of shaping young minds felt both daunting and exhilarating. Yet, with each passing semester, I discovered that teaching is not merely about disseminating knowledge; it is about fostering a nurturing environment where students feel empowered to explore, question, and grow.

As semesters went past, I was also given the responsibility of motivating students to participate in various activities on campus. One of the most rewarding aspects of being a professor is witnessing the evolution of me and my students. From tentative freshmen grappling with uncertainty to confident seniors ready to take on the world, the transformation is truly remarkable. Every lecture, discussion, and assignment contributes to this metamorphosis, laying the foundation for a lifetime of intellectual curiosity and critical thinking.

However, this journey was not without its obstacles. The academic landscape is constantly evolving, presenting new challenges that demand adaptation and innovation. Whether it is integrating technology into the classroom, addressing diverse learning needs, or navigating the complexities of online education, staying abreast of these changes requires resilience and flexibility.

Moreover, the role of a Professor extends beyond academics. We are mentors, counselors, and advocates, guiding students through both academic and personal challenges. Building meaningful connections with my students has been essential in creating a supportive learning environment where they feel valued, respected, and understood.

Amid deadlines and syllabi, it is easy to lose sight of our profound impact on our students' lives. Yet, every heartfelt thank-you note, every personal birthday wish, every breakthrough moment, serves as a poignant reminder of why I chose this profession. As a college educator, I have the privilege of shaping the future generation, instilling knowledge, values, empathy, and a thirst for lifelong learning.

Looking ahead, I am filled with optimism for my students' future. While the landscape may continue to evolve, the core principles of teaching remain unchanged – fostering curiosity, nurturing potential, and inspiring greatness. As I climb the ladder of this journey, and go on from being an educator to an administrator, I am reminded of the words of William Butler Yeats: "Education is not the filling of a pail, but the lighting of a fire." May I, as a college educator, continue to ignite the flames of curiosity and passion in the hearts of my students, guiding them toward a future filled with promise and possibility.

# Academic Visionaries

---

**Neelabh Sao**

Dean Exam & Associate Prof. (IT) RCET, Bhilai

Dear Beacon Readers,

It gives me immense pleasure to write for Beacon. A quarter-century ago, in 1999, amongst the escalating optimism of a new millennium, our college embarked on a journey to empower young minds. These past 25 years have been a testament to firm dedication, constant growth, and a shared vision of academic excellence. We started with a handful of motivated students, passionate faculty, and a burning desire to make a difference. It wasn't easy. I was fortunate to be the student of the first batch. Little did I know, this institution would become not just my place of learning, but the stage for my professional evolution, I joined as a lecturer in 2005.

As the years unfolded, I witnessed the college blossom. We welcomed new departments, expanded our curriculum, embraced cutting-edge technology, and fostered an environment that nurtured not just academic achievement, but also holistic development. Our classrooms became crucibles of intellectual curiosity, our labs- hubs of innovation, and our auditoriums- stages for vibrant expression. However, the true legacy of our institution lies not in bricks and mortar, but in the lives we've touched. We've had the privilege of shaping countless individuals, equipping them with the knowledge, skills, and confidence to navigate the complexities of the world.

The institute has provided me ample number of opportunities and supported me at every step. This 25-year journey, from student to dean, has been an incredible experience. I really acknowledge the support of our management, my colleagues and dear students. As we embark on the next chapter, let this silver jubilee be a beacon, guiding us as we continue to shape the leaders of tomorrow.

Best regards,

# Academic Gurus

**Dr. Amit Shrivastava**

(Associate Professor, Mathematics &  
Head of the department of Science)  
GDRCST, Bhilai

Over the course of 24 years, my tenure at our institute has been a remarkable journey marked by growth, learning, and meaningful contributions. As a dedicated member of this esteemed institution, I've had the privilege of witnessing and actively participating in its evolution. I've had the privilege of contributing to the growth and success of our institute. I embarked on a journey marked by dedication, passion, and continuous learning. Starting from the early days of my career at this campus as a Lecturer of Mathematics, I embraced every opportunity to excel in my role and make a positive impact. During my tenure, I've witnessed significant transformations within the institute, from technological advancements to evolving methodologies in our field. My role has evolved, I have been given extra responsibility of sports in-charge of the whole institute & that was my area of interest too.

Throughout the years, I've witnessed significant changes within the institute, from advancements in technology to shifts in pedagogy and institutional culture. Embracing these changes, I've adapted my teaching methods, I have completed my doctorate of philosophy in the year of 2017 with the great support & encouragements by the management. As an educator, my passion for teaching has been unwavering. Guiding students through the intricacies of our field, I've sought to inspire a love for learning and a deep appreciation for knowledge. Beyond the classroom, in addition to my academic pursuits, I've been actively involved in various sports conduction of in the college & university level and contributing to the overall strategic direction of the institute. As I reflect on 21 years of service to our institute, I am grateful for the opportunities I've been afforded and the relationships I've built along the way. Each day has presented new challenges and triumphs, all of which have contributed to my growth both personally and professionally.

As I look to the future, I am excited to continue my journey with the institute, leveraging my experience, knowledge, and passion to further advance its mission and impact positively on the lives of those we serve. I am exceedingly appreciative to the Management of this Organization, they continuously stand with my most noticeably awful days when I battled with major wellbeing issues. Regarded Chairman sir continuously concerned with my wellbeing issues like an more seasoned one of the family. It's a extraordinary and secure feeling for me. Much obliged to the Regarded Sonal Rungta sir to appears confidence in me. All these concerns and appreciation will energize me to work with more certainty and dependability.

# Academic Gurus

**Prof. K. J. Satao**

Dean(Academics Practical & Projects)

Prof. K. J. Satao, a duly University ratified Professor in Computer Science & Engineering, completed 20 years in the institute on 16/04/2024. Presently he is Dean(Academics Practicals & Projects). Prior to becoming the Dean on 09/12/2021, he was HOD of IT & MCA.

His educational qualification is M.Sc.(Maths), Diploma in Computer Programming, Diploma in Computer Management, M.S. (Software Systems, Birla Institute of Technology and Science, Pilani, Rajasthan).

Apart from having about 37 years of teaching experience in various Engineering Colleges of Maharashtra, Madhya Pradesh, and Chhattisgarh, he has about 4 years industrial experience.

He has published 78 R&D papers. He is Ex. Dean, Faculty of Computer and IT; Ex. Chairman, BOS, IT; Ex. Chairman, BOS, CSE in CSVTU. He was a Research Degree Committee member for 9 Ph.D. candidates in CSVTU.

During his HODship, he has bagged the best department trophy in 2016. He has bagged an outstanding teacher award of the institute in 2017.

# Tenure Titans

Today, when Rungta Group of Institutions is celebrating its 25th anniversary, I have completed 20 years of my service.

I started my services as a Maths lecturer in the year 2003, then the college management provided me appointments on various posts as per my qualifications and skills and today I am working on the post of Deputy Registrar.

In my institutional journey of these 20 years, I have always received encouragement and confidence from the college management and whenever I needed motivation, they have also motivated me. It is not that the college management has supported me only in college work but has also helped me many times in my personal life. In my service journey, I have seen many ups and downs of the organization and have also lived it, the seed which was sown by the head of the organization Mr. Santosh Rungta in the year 1999. I have seen this organisational tree growing up in every season, summer, spring, rain and cold. When storms and storms come, even the biggest and strongest tree gets uprooted but the one that bends flourishes. It happened many times with our organization too that the circumstances were opposite. But even at such a time, the college management did not lose its patience, some people left them in such a crisis and went aside, some took the opportunity and gave a direct attack, but Mr. Santosh Rungta ji and his two sons, Sourabh Rungta ji and Sonal Rungta Ji did not lose his temper but along with his trusted people, he brought his organization out of such a crisis and once again sat at the top of success. Dear friends, during my service, I have had the privilege of working with many principals, directors, professors and other officers and employees, from whom I have got to learn something or the other. The first one from these name is late Professor JP Sharma. He taught me administration and to do more work in less time. I have learned from him how to keep documents systematically. Second, I would like to take the name of Mr. Sanjeev Shukla ji, who not only at official but also personal level. But you have always motivated me and helped me as needed. Thirdly, I would like to acknowledge Dr. Neem Balan Madam, who has always encouraged me and gives me the opportunity to come forward in all the works of the college. Dear friends, it is my wish that our troubled group moves beyond this point and reaches the pinnacle of success.

**Prakash Wahaney**

Deputy registrar

# Tenure Titans

Ladies and gentlemen, esteemed faculty, and fellow companions of the Rungta Family, I stand here, celebrating a quarter-century milestone in my professional journey; I can't help but feel like a seasoned traveller with a passport full of stamps only from the Rungta Group. My story intertwines with two tales: "#SAFARNAAMA" and "#PLACEMENTNAAMA."

It all began on a fateful day, February 10, 2000, when I stumbled into the world of employment via Rungta's "PLACEMENTNAAMA" drive on February 6, 2000. I was lucky to get plucked from the crowd like a ripe mango and offered the role of a lecturer in Computer Science at a Science College. And thus, my "SAFARNAAMA" commenced.

As I look back over these past 25 years, I'm filled with a mixture of emotions akin to a rollercoaster ride. From the halls of academia to the bustling campus of Bhilai as Director of Marketing & Admissions, my journey has been one of growth & learning.

Here's the kicker: I've got a confession: in these 25 years, I never ventured into the daunting world of interviews or job applications. While others were busy hopping from one job interview to another like a game of musical chairs, I found my groove and stuck to it like glue. Call it luck, call it destiny, but I like to think of it as a testament to my unwavering dedication to Rungta Group.

But let's talk about the real heroes of this saga—The Top Management, The Mentors, the colleagues, the friends, and, of course, the ever-supportive family. They've been the wind beneath my wings and, occasionally, the shoulder to cry on when things got rough.

Now, let's talk about the secret sauce of my success – passion, pride, and a pinch of pixie dust. If there's one thing I've learned over the years, it's that passion fuels purpose, pride keeps you pushing, and a little sprinkle of fun makes the journey worthwhile.

I always follow an important Mantra of my life, i.e. "जो प्राप्त है! वह ष्वा प्त है!"

And speaking of change, let's not forget the golden rule – "Be Good, Do Good, and the universe will throw in a bonus goodie bag." Trust me, I've tested this theory, which works like a charm!

Before I wrap up, I want to take a moment to express my heartfelt gratitude to the guiding lights of the Rungta Group – our esteemed leadership. Thank you for believing in me, challenging me, and leading me with grace and grit. The Rungta Group is my second home, and I'm eternally grateful to be a part of it.

Thank you to everyone who has been a part of my adventure so far.

**Dr. Sanjeev shukla**

Group Director and Marketing Team Head

# Tenure Titans

I am thrilled to extend my heartfelt congratulations to each of you as we celebrate our 25th anniversary. It's a momentous occasion that fills us with pride, gratitude, and a profound sense of accomplishment.

As I look back on my journey here, I am overwhelmed with gratitude for the experiences shared, friendships and memories made. It is an honor and privilege to be a part of such an extraordinary team.

From my first day here, I realized that I was entering into more than just a workplace. One of the most important aspects of my journey here has been the opportunity to build meaningful relationships that extend far beyond our professional duties. These connections have enriched both my personal and professional life in ways I could have never imagined.

Once again, congratulations to all of us on reaching this incredible milestone. Here's to 25 years of achievement, and to many more years of growth, prosperity, and success!

**Pankaj Maheshwari**  
Chief Financial Officer

# UNNAYAN : Igniting Young Minds

In October 2013, the Santosh Rungta Group of Institutions organized the Talent Olympics for students in classes 11 and 12. This event, held on the 3rd and 4th of October, aimed to showcase the diverse talents and abilities of high school students in a variety of fields, ranging from sports to academics.

  - o Group discussion
  - o Extempore & Technical model

•Expression Olympics

- o Themes for this were:-
  - o Safety of women
  - o Mera Bharat mahan
  - o Corruption
  - o 100th years of Bollywood
  - o Dance
  - o Song
  - o Nukkad natak
  - o Painting
  - o Sketching
  - o Presentation
  - o Essay writing
  - o Speech

•Games Olympics

- o Football
- o Cricket
- o Volleyball
- o Chess
- o Carrom
- o Computer games

# UNNAYAN : Igniting Young Minds

•Marathon race (Run for a cause)

These Olympics were held on 3rd and 4th October 2013. The environment of academics for senior student, extra curricular activities play a pivotal role in shaping holistic development. The talent Olympics, an initiative taken by Santosh Rungta group of institution, stand as the testament to the philosophy. The talent Olympics fostered a spirit of camaraderie and healthy competition among students, encouraging them to strive for excellence in all aspects of their life.

It provided an opportunity for students interact with that peers from different school, exchange idea and build lasting friendship.

Moreover, the Talent Olympics served as a platform for students to showcase their talents to a wider audience, including parents, teachers, and community members. The event not only recognized and celebrated individual achievements but also promoted teamwork, sportsmanship, and mutual respect among participants.

Overall, the Talent Olympics organized by the Santosh Rungta Group of Institutions was a resounding success, bringing together talented youth from across the region to compete, collaborate, and celebrate their accomplishments.

For the competition to be interesting prizes worth more than Rs 5lakh was kept which encourages the students to make more efforts to participate and win the competition.

## Guinness World Record

Rungta College, Bhilai, Also Known As Santosh Rungta Group Of Colleges, Is A Group Of Private Educational Institutions In Central India, Located In The City Of Durg, Chhattisgarh. The Multiple Campuses Under It Are Affiliated With Chhattisgarh Swami Vivekananda Technical University (CSVTU) And Hemchand Yadav University, Durg. The Combined Campus Size Is Over 150 Acres. In 2023, It Was Ranked As The 25th Top Engineering (Private) College In India By India Today And As The 6th Top B-School In India By Outlook India In 2022. The Group Also Holds The Guinness World Record For The Maximum Number Of People In A Singing Relay For A Single Song.

Rungta Is Known For Its Excellence In Technical Education In The State And Has Recently Been Acknowledged For Its Entry Into The World Of Guinness Records. Coordinated By Dr. Jawahar Suriseti, An Eminent Educationist And The Director Of Santosh Rungta Group, The Event, Called "Koshish," Aimed To Set The Guinness World Record For The Maximum Number Of People In A Singing Relay For A Single Song On April 19th, 2014. This Attempt Has Now Been Accepted As A World Record.

Dr. Jawahar Suriseti, Along With Team Rungta, Acknowledged The Contribution Of The Teaching And Non-Teaching Members Of The Santosh Rungta Group, As Well As The 296 Students Who Participated In The Event. The Event Sent A Message That Nothing Is Impossible To Achieve. The Attempt Involved Some 400 Students From Rungta Campus In Bhilai And Raipur, Who Successfully Achieved A Unique Relay Singing By The Maximum Number Of Participants On April 20th, 2014. The Students Sang The Famous Song "Dil Diya Hai, Jaan Bhi Denge" From The Movie "Karma" In A Relay Format, With Each Student Singing One Word Of The Song And Maintaining The Tempo Throughout The Entire Song.

Elaborate Arrangements Were Made At Rungta Open Air Auditorium In Raipur Campus To Ensure The Success Of This Attempt By The Management. The Entire Effort Was Live-Recorded Through Several Cameras And Was Witnessed By A Large Audience Cheering The Participants. Dr. T. Unnikrishnan, Dean, Faculty Of Music From Indira Kala Sangeet Vishvidyalaya, Served As The Adjudicator For The Event.

The Students Had To Sing Only One Word Of The Patriotic Song From "Karma," And Each Of Them Had To Sing In Laya And Raga In Sync With The Next And Previous Singer. The Team Achieved The Rare Feat For The Country. Mr. Santosh Rungta, Along With Sourabh And Sonal Rungta, Extended Their Heartfelt Gratitude To The Whole Team.

Additionally, The Santosh Rungta Group, In Collaboration With Bharatiya Janta Yuva Morcha In India, Achieved The Largest Poster Measuring 3,316.23 Square Meters (36,180 Square Feet). The Poster, Manufactured By Smriti Print House, Was Unveiled In Chhattisgarh, Raipur, India On November 10, 2014.

Santosh Rungta Group Of Institutions Bhilai-Raipur Is The Largest Educational Group In Central India With 13 Colleges And 12000 Students, Which Include Engineering, Education, Pharmacy, Science, Commerce, And Management. Rungta College Is The Only Government-Affiliated College In Chhattisgarh That Hosts International Students From More Than 15 Countries On Its Campus, Including Students From Nations Like Nepal, Bhutan, Bangladesh, And Different African Countries.

Writing, Writers And Literature Holds A Significant Value In Human Society As It Serves As The Foundation For Communication, Cultural Preservation, And Intellectual Growth. It Is The Way To Convince Our Ideas, Thoughts, Knowledge And Information To Generations Coming After. Writing Enables Expression And Documentation Of Thoughts, Writers Push The Boundaries Of Creativity And Critical Thinking, And Literature Serves As A Treasure Trove Of Human Experience. Together, They Foster Personal Development, Societal Progress, And Cultural Continuity, Making Them Indispensable Pillars Of Human Civilization.

Chetan Bhagat, A Name Popular Amongst The Most Influential Writers Of India, Is An Inspiration For Our Generation And An Idol For Those Who Have Keen Interest In Literature. He Is The Inspiration For Us To Work Hard And With Dedication To Achieve The Heights He Has Achieved With The Knowledge Of Writing And Literature. There Are Some Movies Which Are Completely Based On The Novels Written By Him. Movies Like 'Two State' Are An Example Of His Golden Works Towards Literature, Making The Entire County Proud.

# CONVOCATION CEREMONY

A Convocation Ceremony, A Hallmark Event In The Academic Calendar, Is A Time-Honored Tradition That Marks The Culmination Of Years Of Hard Work, Dedication, And Academic Achievement. Happy Faces All Around, Bright Futures Waiting For Each And Every Individual Standing There, Full Of Hopes, Excitement And Waves Of Different Kinds Of Emotions. The Long Wait For The Time To Call Them Truly Independent Had Finally Come. This Ceremony Shares Common Elements That Evoke A Sense Of Pride, Nostalgia, And Anticipation Among Graduates, Families, Faculty, And Staff. One Of The Most Iconic Aspects Of A Convocation Ceremony Is Putting On Academic Robes And Mortarboard. Each Robe, Hood, And Cap Carry Symbolic Significance, Representing The Academic Discipline And Degree Earned By The Graduate.

We Here, At Rungta, Did Not Overlook The Importance And Significance Of This Ceremony. Our Chairman, Shri Santosh Rungta Sir, Made Sure That The Convocation Ceremony At Rungta Institute Of Technology Was Remarkable Not Just For The Graduates, Faculty, Or The Staff Members Of The Institute But An Event Which Was A Grand Success For The Entire State As Well As The University. To Motivate Our Graduates To Move Towards The Highest Place Approachable, The Space, Our Respected Chairman Called Upon The Eminent Scientist From ISRO, The ISRO Chief Dr. K. Radhakrishnan, Who Was The Chairman Of Space Commission At ISRO From 2009 To 2014, As The Chief Guest For The Ceremony. Other Dignitaries Were Also Present At The Ceremony Such As The Governor Of Chhattisgarh And Chancellor Shri Shekhar Datt And Vice Chancellor Dr. B.C. Mal

# CONVOCATION CEREMONY

Degrees To The Ph.D. Scholars Of The State Along With M.Tech Program Graduates Were Handed Over With Their Degrees In The Gala Event. The Ph.D. Degree In Computer Science Stream Was Also Awarded To Our Respected Dr. Sourabh Rungta Himself In The Prestigious Event Held At The Rungta Campus

The Most Special Moment Of The Convocation Ceremony Is The Conferral Of Degrees. As Graduates' Names Are Called, They Ascend The Stage To Receive Their Diplomas, Marking The Culmination Of Years Of Academic Endeavor. Amidst Applause And Cheers, Each Graduate's Moment In The Spotlight Is A Testament To Their Perseverance, Resilience, And Achievement.

Waves Of Emotions Run High Throughout The Convocation Ceremony As Teachers, Graduates, Family Members And Staff Come Together To Celebrate A Shared Milestone. From Tears Of Joy To Moments Of Reflection, The Ceremony Evokes A Range Of Feelings As Graduates Bid Farewell To Their Alma Mater And Look Ahead To The Opportunities That Lie Ahead.

# TREE PLANTATION

# TREE PLANTATION

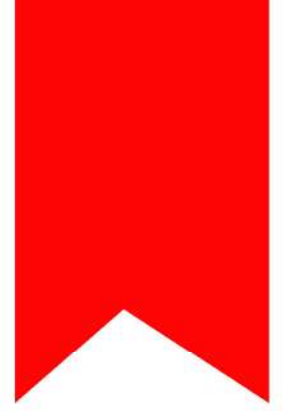

Tree Plantation Is Crucial For Environmental Balance. They Provide Habitats For Various Species, Prevent Soil Erosion, And Contribute To Climate Regulation. It's Essential To Promote Tree Planting Initiatives To Combat Deforestation And Damage Climate Change Effects. This Plantation Activity Initiated By The Supervision Of NSS (National Service Scheme) Unit. The Tree Plantation Activity, Held To Saw Enthusiastic Participation From Students, Faculty, And Staff Members Alike.

In An Era Marked By Environmental Degradation And Climate Change, The Importance Of Sustainable Initiatives Cannot Be Overstated. RCET Bhilai Committed To Fostering Environmental Direction Among Its Students, Recently Organized A Tree Plantation Activity As Part Of Its Broader Sustainability Efforts. Guided By Experts, Participants Learned About The Ecological Significance Of Each Species And The Role Trees Play In Mitigating Climate Change. Tree Plantation Events, Like The One Organized By "Rungta College Of Engineering And Technology", Play A Crucial Role In Environmental Conservation. They Help Combat Climate Change By Separate Carbon Dioxide, Provide Habitats For Wildlife, Improve Air Quality, And Contribute To Soil Health.

Moreover, The Tree Plantation Activity Served As A Platform For Community Engagement And Collaboration. It Brought Together Individuals From Diverse Backgrounds And Disciplines, Fostering A Sense Of Unity And Shared Purpose. Through Teamwork And Collective Action, Rungta College Demonstrated Its Commitment To Environmental Sustainability And Social Responsibility.

# 25TH INDUCTION PROGRAMME

College Marks A True Milestone In A Student's Life, Opening A Whole New World Filled With Independence, New Experiences, Challenges, And Opportunities. To Assist Students In Transitioning Into This New Phase Of Life, Colleges Typically Organize Comprehensive Induction Programs. These Programs Are Designed To Make Students Aware Of The Goals And Vision Of The College, As Well As The Steps They Will Follow Throughout The Years To Achieve A Better Tomorrow. They Also Help Welcome Students And Foster A Sense Of Community From Day One.

I, Raunit Ranjan, A Member Of The 25th Batch Of Our Beloved Rungta College Of Engineering And Technology, Would Like To Share My Experience Of Our Induction Program. Everything Around Me Was Completely New—New State, New People, And New Achievements To Be Accomplished. To Help Me And My Fellow Students Navigate This New Path, Our College Organized An Induction Program To Ensure We Didn't Feel Lost.

During The Induction, We Were Informed About All The Important Rules And Vital Criteria To Keep In Mind. We Were Introduced To The Motto And Vision Of Our College And Met Our Principal, Dean, And Other Key Personalities. Their Encouraging Words Motivated Us And Provided Guidance On How To Walk The Road To Success.

## 25TH INDUCTION PROGRAMME

There Were Also Some Fun Activities. We Were Asked To Write The Names Of People Or Things We Love The Most On The Last Page Of Our Notebooks, So Whenever We Saw Them, We Would Feel Motivated To Keep Moving Forward. Then, We Were Given Sheets In The Shape Of Leaves On Which We Wrote Our Goals And Plans For The Future. We Were Then Called Upon To The Stage To Introduce Ourselves And Read Out Our Aspirations. These Leaves Were Then Pasted On A Tree, Which Started Brown But Became Vibrant With The Dreams Of The Students. Students Gained A Lot Of Information About Our Institute And Were Thrilled To Start Their New Journey. Anxiety Peaked When Students Faced Their Stage Fear While Sharing Their Visions. A Constant Mix Of Fear About This New Phase And Excitement About Diving Into A Vast Ocean Of Opportunities Filled The Hearts Of The Students. In Conclusion, The Induction Program At Rungta College Of Engineering And Technology Was A Well-Organized Event That Helped Students Transition Smoothly Into College Life, Providing Them With Essential Information, Motivation, And A Sense Of Belonging.

# CELEBRATING SUCCESS: OUR COLLEGE SECURES NAAC A GRADE!

Rungta College Of Engineering And  
Technology, Bhilai, Has Been Awarded

**'A' GRADE**

*High 3.32 Score*

*Highest Score In Chhattisgarh*

By National Assessment And Accreditation Council (NAAC)

NAAC- The National Assessment And Accreditation Council, A Prestigious Institution That Analyses Institutions For Their Compliance With Quality Criteria Regarding Educational Processes And Outcomes, \_\_\_ Us With An A Grade Which Is A Remarkable Achievement For Any Educational Institution.

Getting An A Grade Is Not Just An Outcome Of Our Academic Excellence, But Also An Acknowledgement Of The Efforts Put For The Holistic Development Of The Students. The Process Of Recognition By NAAC Is A Rigorous One. During The Evaluation Process, Criteria Like Curriculars And Extra Curriculars, Teaching-Learning Process, Research And Innovation, Infrastructure And Learning Resources, Leadership And Management Are Considered. Accordingly, An Institution Is Provided With Different Grades.

Securing An A Grade Is Not Just Everyone's Cup Of Tea. It Is A Hard Work And Dedication Of 25 Years Into Efforts Of Providing The Best Quality Education, Nurturing Innovation And Ideas, And Collective Efforts Of Management, Teaching And Non-Teaching Staff And Most Importantly The Students, Whose Ignited Minds Are The Ones Sharpened By The Rest.

In Addition To This, Getting Into Top 100 Colleges In Pharmacy As Declared By National Institutional Ranking Framework (NIRF) Is Yet Another Milestone In The 25 Years Safar Of Rungta.

This Brings Us To The Conclusion Which Matters The Most- The Students. Getting Recognised By Such Prestigious Institutions Means, We, The Students Have More Opportunities Like Internships, Scholarships And Maybe More Job Offers Down The Road. In Short, Our College Reputation Just Increased Manifolds!

Having Achieved This Remarkable Feat, We All Must Not Stop Here; There Are Miles To Go. We Have To Be Together In This Journey Of Striving To Get Better And Better And Securing The Highest Possible Ranks At The National Level. This Can Be Possible Only If All The Different Parts Of The Institution Keep Performing Their Respective Parts With As Much Dedication As We Have Been Doing For The Past 25 Years.

# RESEARCH AND DEVELOPMENT (R&D) AND CRC

Research And Development (R&D) Is The Cornerstone Of Innovation And Progress In Any Academic Institution. It's The Engine That Drives The Creation Of New Knowledge, Technologies, And Solutions To Real-World Problems. At Rungta College Of Engineering & Technology (RCET), The Central Research Committee (CRC) Plays A Pivotal Role In Spearheading These R&D Efforts.

The CRC Serves As A Dedicated Body Fostering A Vibrant Research Culture. Established With The Vision Of Nurturing A Skilled Pool Of Researchers, The CRC Actively Supports And Empowers Both Faculty And Students In Their R&D Endeavors.

## MISSION

- To facilitate and motivate researchers at RCET to pursue scientific writing and secure funding for their research proposals.
- To develop a research-focused faculty through training programs and Faculty Development Programs (FDPs).
- To document and acknowledge faculty contributions to research activities.
- To spread awareness and enhance the disposition of Intellectual Property Rights (IPR) within the institute.

## CLUSTER RESOURCE CENTERS

**Vision: To Contribute To The Institution's Progress By Creating A Research-Oriented Human Resource Pool.**

## CRC FUNCTIONS

- **Faculty Development:** Organize Workshops And Training Sessions On Proposal Writing, Scientific Writing, IPR Filing, And Research Ethics.
- **Ph.D. Support:** Coordinate Ph.D. Coursework, Plan Presentations, Maintain Documents, And Guide Scholars On CSVTU Regulations.
- **Research Incentive Programs:** Calculate Faculty Research Performance Index (RPI) And Award Research Incentives.
- **IPR Management:** Conduct IPR Awareness Programs, Assist With Application Processing, And Manage IPR Data.
- **Grant Procurement:** Assist Faculty In Applying For Government Research Grants.
- **Research Publications:** Encourage Publication In High-Impact Journals.

## CRC ACHIEVEMENTS:

- Awarded Rungta Award For Research Excellence (RARE) To Deserving Faculty Members.
- Disbursed ₹11,74,680 For RARE Awards And Research Incentives.
- Secured A Total Of ₹24,60,59,354.48 In Research Grants (11 Out Of 51 Proposals Funded).
- Dr. Nagvendra Kumar Kanoje Received A ₹36 Lakh Grant From SERB, DST For A Metro Track Crack Detection Project.
- Secured A ₹59 Lakh DST-FIST Grant For Research Infrastructure Development.
- Awarded 30 Ph.D. Degrees And Currently Have 35 Ongoing Ph.D. Programs.
- Filed For 28% Patents, 28% Design Patents, And Published/Granted 20% Patents.
- Organized Workshops And Conferences (RECT 48%, GDRCSST 40%, RCPSR 12%).

# ICC (Institute Innovation Council)

Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation among all Higher Education Institutions (HEIs). With the same objective of encouraging, inspiring and nurturing young students by supporting them to work with new ideas and transform them into prototypes while they are informative years, Institutions Innovation Council (IIC) was established at Rungta College of Engineering & Technology, Bhilai.

Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation among all Higher Education Institutions (HEIs). With the same objective of encouraging, inspiring and nurturing young students by supporting them to work with new ideas and transform them into prototypes while they are informative years, Institutions Innovation Council (IIC) was established at Rungta College of Engineering & Technology, Bhilai.

IIC, RCET, Bhilai was established in the 2018-19 calendar year. During the 2018-19 calendar year IIC, RCET, Bhilai was rated with Two (2) Stars and during the last three consecutive years 2019-20, 2020-21, and 2021-22. It was rated with Four (4) Stars.

The IIC, RCET, Bhilai is having a diversified representation of members who are the backbone of the Cell. They are 11 teaching/non-teaching members, 11 student members, and 05 external members in the cell. These members provide dynamism, creativity, and expertise in the cell. The members are experts in their own domain area.

Participation of IIC, RCET, Bhilai in various programs of Central and State Govt.: -

- ARIIA Ranking

Ministry of Education, Govt. of India has initiated 'Atal Ranking of Institutions on Innovation Achievements (ARIIA)' to systematically rank education institutions and universities primarily on innovation-related indicators. RCET, Bhilai was ranked in Band C (Rank above 50) under private or Self-Financed Colleges/Institutes in the session 2019-2020. And was ranked in the EXCELLENT BAND in the session 2020-21.

- NIRF – Innovation

Now from session 2021-22 the ARIIA ranking is called NIRF (Innovation). RCET, Bhilai was positioned in the band of 100-150 in the innovation category.

**BEST  
INNOVATION COUNCIL**

● **Smart India Hackathon**

- SIH 2018: 10 proposals were submitted in the software edition, out of which 3 were selected for the next rounds. From RCET 3 teams were shortlisted for the all-India level grand finale which was held at various cities of India. The team with nodal centre Chennai grabbed 2nd runner up position after a strong competition. The team members (Team ReformTech) were: Saiyed Mohammad Ahsan Abdal (Team Leader); Heena Sheikh; Shubham Mishra; Aayush Bajaj Surabhi Behara; Nikhar Kukreja. The team with nodal centre Kanpur secured 6th position. The team members were: Jitendra Nirnejak (Team Leader); Ankush Arudkar; Rupika Pawar; Mayank Verma; Nishant Kumar Sahu; Ishita Mishra

Note: The Team ReformTech, which won the Second Runners Up in National Competition in SIH, was also invited by SIH for Implementation by Ministry of Housing and Urban Affairs. The Same Team was also called for Interview to Represent India at Singapore Hackathon

- SIH 2019: 8 proposals were submitted in the software edition, out of which 1 was selected for the next rounds .
- SIH 2020: Total of 12 teams participated in the internal hackathon out of which three teams made it to the Grand Finale of Software edition (18th and 19th July, 2020) of Smart India Hackathon 2020. Three teams made it to the Grand Finale of Software edition (18th and 19th July, 2020) of Smart India Hackathon 2020. Team 1: Cognitors 2.0 led by Tikam Talreja. Team 2: CQ6 led by Surabhi Behara. Team 3: Thetechway lead by Sweta Verma
- SIH2022: Two team (Name of the project: Shram Vriddhi and UMEED) won the first position. The Venue of this event was Cambridge institute of technology CIT Bangalore and IIT(ISM) Dhanbad.

# STUDENT GROWTH: FROM SEEDLING TO TOWERING TREE

Every Student In The Broad Academic Environment Sets Out On A Different Safarnama, A Journey Of Development And Metamorphosis That Resembles The Lifecycle Of A Seed That Grows Into A Magnificent Tree. Similar To How A Tiny Seed Can Grow Into A Massive Tree, So Too Can A Student Have Enormous Potential For Internal Growth And Development.

When A Student First Enters The World Of Education, They Are Full Of Promise, Curiosity, And Enthusiasm. This Is The Beginning Of The Journey. The Learner Finds Themselves In A Supportive Environment, Full With Opportunities, Support, And Knowledge, Much Like A Seed Planted In Rich Soil.

Students Go Through A Germination Phase In The Early Going, Absorbing Knowledge, Skills, And Experiences That Set The Foundation For Future Growth, Much Like The Fragile Branch Growing From The Earth. They Plant Their Roots And Build A Solid Foundation Of Essential Ideas And Principles That Will Help Them Advance In Their Academic Careers.

The Seedling Encounters Difficulties And Roadblocks As It Develops. Students Also Face Obstacles In Their Academic Careers, Personal Lives, And Moments Of Uncertainty. However, Kids Learn To Adjust, Endure, And Conquer Hardship, Emerging Stronger And More Resilient In The Process, Much Like A Sapling Bends And Sways In The Wind.

As It Grows Older And Receives More Care, The Seedling Eventually Becomes A Sapling And Reaches The Sky. Similar To This, Students Grow In Their Academic Pursuits By Learning New Things, Improving Their Abilities, And Identifying Their Hobbies And Interests. They Welcome Chances For Intellectual And Personal Development, Delve Into New Fields Of Study, And Consider Many Viewpoints.

As It Becomes Bigger, The Sapling Anchors Itself Against The Natural Forces By Being Deeply Embedded In The Earth. At The Same Time, Based On Their Values, Beliefs, And Goals, Kids Form A Sense Of Identity And Purpose. By Sharing Their Special Skills And Viewpoints With Their Peers, They Actively Participate In Their Academic Community And Foster Their Mutual Development.

**Dimple**  
**Asst Prof**  
**Management And Commerce Department**  
**GDRCSST, Bhilai**

At Last, The Small Tree Grows Into A Massive One, With Wide-Ranging Branches And A Canopy That Offers Food And Protection To Anybody Who Seeks Cover Under Its Branches. Similar To This, Students Leave Their Educational Institutions With The Information, Abilities, And Life Experiences Needed To Succeed In Their Chosen Careers And Contribute Significantly To Society.

However, The Journey Of A Student's Growth And Development Extends Much Beyond Graduation, Much Like A Tree Grows And Changes Over The Course Of Its Lifetime. Equipped With The Knowledge Acquired During The Journey, Students Set Off On An Enduring Safarnama Of Education, Exploration, And Self-Awareness, Persistently Evolving, Adjusting, And Thriving In The Always Shifting Terrain Of Existence

Perseverance, Endurance, And The Unwavering Spirit Of Human Potential Are Demonstrated By The Safarnama Of Student Growth. All Students Have The Innate Ability To Grow To Tremendous Heights And Leave A Lasting Impression On The World Around Them, Much Like A Seed That Eventually Becomes A Towering Tree.

# Rise And Shine

**Amidst The Books, The Dreams Unfold,  
In Halls Of Knowledge, Courage Bold.  
Chase The Future, Bright And Vast, W  
With Every Step, Outshine The Past.**

# संविधान

जब सत्ता था हुकूमत में  
तब खूब किया था तुमने मौज ॥  
सरहद पे खरा रहता  
बिना सोचे समझे अपना फौज ॥

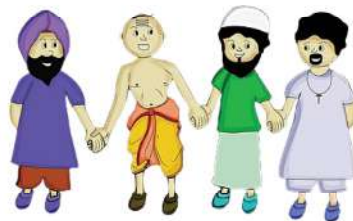

ये वो अधीन ना देश हमारा  
क्योंकि हुआ बहुत कुछ कुर्बानि ॥  
सारे ग्रंथो से ऊपर होगा  
हिंदुस्तान का संविधान ॥

युं चुटकी ना बजाया करो  
चुटकी ना कोई खेल है ॥  
ललकार सके आंबेडकर को  
तो निश्चित उसका जेल है ॥

इस माटी के कतरे - कतरे  
में भारा परा है जान ॥  
हर मुल्क को जो नसीहत दे  
वो है अपना संविधान ॥

ना जात - पात ना दिन धर्म  
ना हिन्दू ना मुशाल्मान ॥  
जो सबको एक समान है माने  
वो अपना देश है हिंदुस्तान ॥
